## Hi, I'm Dallas Barnes!

I'm the founder & CEO of Reya Health. If you're like me, the statistics from the previous page don't really surprise you. I've had my own negative birth control experiences that came down to a lack of education, personalization, and support. My limit was being hospitalized after starting my "newest" prescribed birth control method. From there, I knew I needed to take matters into my own hands.

So, I created Reya Health!

The logo for Reya Health features the word "Reya" in a white, bold, sans-serif font, centered within a large red circle. The letter "e" is stylized, containing a white circular pattern of small dots, resembling a pill or a medical symbol. The letter "y" is lowercase and has a small red dot above it. The letter "a" is lowercase and has a small red dot above it.

## WHAT IS REYA HEALTH?

Reya Health is a digital platform for contraceptive matching & counselling. Reya provides personalized information to connect our members to the right birth control option, help them track their side effects, and support them all throughout their experience with contraceptives.

Think of us as your very own contraceptive matchmaker!
